Toolmaker & Machinist.

**PRICES CHANGED**

See December 15th price list

*Hershaer & Sons.*  
MADE IN U.S.A.

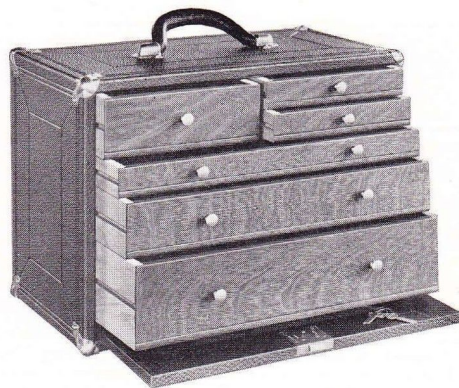

Style 18-28-38

**A** PRACTICAL and compact Tool Case for tool-makers and machinists. One of the three sizes will meet the requirements of most any mechanic. Built first-class in every detail and covered with best quality of imitation seal grain leather. Drawers are nicely finished, have felt lined bottoms, and run on hardwood slides. A self-hinging lid slides under bottom drawer and closes with a cylinder flat key lock. Trimmings are brass, polished or nickeled, and a strong re-inforced leather handle is used.

**Style 31. Four Sizes**

OUR "Standard" Toolmakers' and Machinists' Case. It has a convenient arrangement of different sized drawers—a place for every tool. A neater, more practical or compact tool case was never offered to the up-to-date mechanic. The lid is self-hinging, has a felt lined tray to lay tools on or can be slid under the bottom drawer. The workmanship, material and design can't be beat at any price. Drawer fronts are nicely figured and polished quartered oak, have sheet metal bottoms, felt lined, and trimmings are of brass, polished or nickeled.

*H. Gerstner & Sons.*  
HARTFORD, CONN.

Style 35

A PORTABLE tool case that meets the requirements of draftsmen or other mechanics desiring a narrow case. It is made the equal to our best. All drawers have felt lined bottom and the case is covered with the finest quality of black imitation seal grain leather. The short deep drawer is partitioned to take in four ink bottles—but can be furnished without the partition. The inside of the lid forms a felt lined tray to lay tools on and be slid under the bottom drawer. Trimmings are nickel plated brass.

## ABOUT GERSTNER CASES & CHESTS

---

ON THE PAGES of this display folder, you will see the very latest line of Gerstner Cases and Chests. Besides being the recognized standard in workmanship, materials and design, our product is universally designated as THE QUALITY LINE.

When we began the manufacture of these goods, years ago, we made QUALITY our motto and we have never deviated from this policy. Not only have we profitted by this practice, but the buyer of a Gerstner Case profits also in becoming the owner of a Case that is well built, neat and unusually convenient.

We employ skilled workmen who have devoted years of their time in perfecting our line of Cases and with the best of materials at their command you are assured of a Tool Case that can't be beat. Besides the standard numbers we build special Cases to order and will be pleased to quote on your specifications.

Because of the great care we use in the manufacture of our product, we place before you the STRONG GUARANTEE which you will find on the last page of this folder.

When you are ready to buy, compare our Cases, point for point, with those of any other make and we feel sure that you will decide to buy the Case with our name and guarantee.

The best is none too good and always the cheapest in the long run.

## DESCRIPTION

---

THE following details are essential to a high-grade product and you'll find more inside drawer space in "Gerstner" Cases. We guarantee them superior in every way to any Tool Case on the market.

**Frame or Body**—Thoroughly seasoned basswood and laminated poplar, lock cornered and glued. Corners are rounded, but not too much to weaken the Case. Quartered Oak Cases are dove-tailed. "Gerstner" Cases are built to "stand up" under any condition.

**Finish**—The best quality of imitation black seal grain leather is used. This is neat and serviceable and guaranteed not to turn color. Our Cases are handsomely tooled and there are no raw edges to start loose. Quartered Oak Cases are regularly finished English Oak, highly polished and rubbed.

**Drawers**—Lock cornered and glued. Small drawers have sheet metal and large drawers three-ply birch bottoms, lined with dark green felt. Drawers fit snug, yet slide easy on hardwood slides, and will not bind or stick. Drawer fronts are nicely finished and beaded.

**Fittings**—We furnish highly nickeled trimmings in harmony with the design of the Case.

**Locks**—Brass cylinder locks with two flat steel keys, each lock with different keys. We can furnish either solid or spring bolt locks.

**Handles**—Extra strong and comfortable leather handle re-inforced with a steel rod through center. Loops are fastened to the Case with machine screws and nuts—will carry any weight.

**Lids**—All lids or doors are well paneled and will not warp or twist. Lids are self-hinging and do not rub on bottom of the Case when slid in under the bottom drawers.

**Specials**—We build special Cases and Chests to order. Any style can be changed to meet your requirement. Prices quoted on request.
